

SEAMEO QITEP in Science Webinar Series 2020

Introduction

The Covid-19 pandemic has impacted many aspects in countries around the world. To deal with this problem, all the countries have been implementing strategies to control its spread by minimizing people physical interaction. Education is one of fields that impacted by this pandemic as teachers and students' interaction is believed as one of most crucial aspect in teaching and learning activities. This situation forces teachers to implement new way of teaching such as by maximizing digital technology and the internet in teaching and learning activities.

In responding to this situation, SEAQIS initiate to provide a forum for teachers and education personnel to learn best practices in science teaching and learning implemented in this new normal. The forum will be covered in a **Webinar Series on Science Teaching-Learning Innovation in the New Normal: Lesson Learnt from Southeast Asian Countries**.

In this webinar series, numerous experts on science education and outstanding Southeast Asian teachers will present various topics related to the latest issues of science learning, especially during this pandemic, such as best practices on science teaching and learning activities, application of digital technology in science learning, application of computational thinking in science learning, and ways to increase the interest in scientific writing for teachers and education personnel.

The teachers and education personnel participated in the webinar series are expected to gain new knowledges from the the speakers' presentation as references in developing science teaching and learning in the new normal.

Date and Time

The webinar series will be conducted on 24 June and 08 July 2020 at 09:00-12:00 Western Indonesian Time (UTC+7).

Target Participants

The target participants of the webinar series are science teachers and education personnel in Southeast Asia.

Registration and Webinar Platform

The participants are required to register through the following link bit.ly/QisWebinarREG. There will be 250 participants, which will be selected based on first-come, first-serve basis. The selected participants will be able to join the webinar through Google Meet. The Google Meet link will be sent to selected participants by email. There will be YouTube live streaming of the webinar to reach larger participants. The YouTube live streaming can be accessed at:

- Webinar session on 24 June 2020: bit.ly/QisWebinar2YT
- Webinar session on 08 July 2020: bit.ly/QisWebinar4YT

Schedule

No.	Date	Speaker	Moderator	Target Participant	Language
1	24 June 2020	<p>a. Dr. Harry Firman Expert SEAMEO QITEP in Science</p> <p>b. Lee Saw Im Teacher, First Winner of the 1st Ki Hajar Dewantara Award SMK Bintang Seri Utara, Malaysia</p> <p>c. Bryant C. Acar Master Teacher II, Second Winner of the 2nd Ki Hajar Dewantara Award Science and Technology Education Center, Philippines</p>	<p>Rizwan Darmawan Head of Human Resources and General Affairs Division SEAMEO QITEP in Science</p>	Teachers and Education Personnel in Southeast Asia	English
4	08 July 2020	<p>a. Agus Fany Chandra Lecturer Indonesia University of Education</p> <p>b. Koh Chee Kiang Teacher, First Winner of the 2nd Ki Hajar Dewantara Award Victoria School, Singapore</p>	<p>Lukman Nulhakim Head of ICT, Data, and Evaluation SEAMEO QITEP in Science</p>	Teachers and Education Personnel in Southeast Asia	English

No.	Date	Speaker	Moderator	Target Participant	Language
		<p>c. Norhailmi bin Abdul Mutalib Teacher, Nominee of the 2nd Ki Hajar Dewantara Award, Top 50 Finalists of Global Teacher Prize Jerlun Secondary School, Malaysia</p>
