

# 6<sup>TH</sup> ICEI

International Conference on  
Education Innovation 2022

# CONCEPT NOTE

**POWERED BY:**

Faculty of Education, AIPI  
Universitas Negeri Surabaya

## **A. RATIONAL**

Since 2017 International Conference on Education Innovation (ICEI) has brought together thousands of passionate scholars and educators from around the globe to discuss ideas critical to the development of education in ASEAN and beyond, making it one of the most respected, and longest running annual conferences focused on all levels of education in ASEAN. ICEI was the first conference organized by the Faculty of Education, Universitas Negeri Surabaya, in Surabaya 2017, when the precious event was founded. ICEI now has university partners across the globe, and counts some of the world's foremost intellectuals as advisers.

International Conference on Education Innovation (ICEI) promotes and facilitates new multifaceted approaches to one of the core issues of our time, namely globalization and its many forms of growth and expansion. Awareness of how it cuts across the world of education, and its subsequent impact on societies, institutions and individuals, is a driving force in educational policies and practices across the globe. The conferences present those taking part with three unique dimensions of experience, encouraging interdisciplinary discussion, facilitating heightened intercultural awareness and promoting international exchange. In short, ICEI's conferences on education are about change, transformation and social justice in the digital era. As ICEI's previous conferences on education have shown, education has the power to transform and change whilst it is also continuously transformed and changed.

In many educational settings and contexts throughout the world, there remains an assumption that teachers are the holders of knowledge which is to be conveyed to students, and that this happens in neutral, impartial and objective ways. However, learning is about making meaning, and learners can experience the same teaching in very different ways. Students (as well as teachers) are part of complex social, cultural, political, ideological and personal circumstances, and current experiences of learning will depend in part on previous ones, as well as on age, gender, social class, culture, ethnicity, varying abilities and more. ICEI has several annual conferences on education, exploring

common themes in different ways to develop a shared research agenda that develops interdisciplinary discussion, heightens intercultural awareness and promotes international exchange.

In the upcoming event, the 6<sup>th</sup> International Conference on Education Innovation (ICEI) 2022 is organized by Universitas Negeri Surabaya, will be held on September 10<sup>th</sup>, 2022 in Surabaya, Indonesia. Due to Covid-19 pandemic, the 6<sup>th</sup> ICEI will be conducted online (Virtual Conference), because our keynote speakers and participants' safety is the priority. ICEI 2022 has affiliate with King Mongkut's University of Technology North Bangkok, Thailand and will be process for the SEAMEO Secretariat, Bangkok, Thailand. Increasing the quality of publication as the grant for reputation of higher education, we have collaborated with some journals from Indonesia and overseas (Shown in Part C). ICEI committed to keep in excellent quality in science and education be one step ahead as Unesa's slogan

Since its founding in 2016, ICEI has brought people and ideas together in a variety of events and platforms to promote and celebrate interdisciplinary study focused on education and innovation. During the pandemic, ICEI continues to engage in many cross-sectoral researches across the world, including those engaging leading universities, Non-Government Organization and Industry World. Most educators have learned that resiliency is one of the key points to keep the optimism in managing and carrying out the teaching-learning process during the crisis. The global pandemic challenge has been inspiring for the future innovation and resiliency in education to encourage academics and scholars to meet and exchange ideas and views in an international forum stimulating respectful dialogue. This event will afford an exceptional opportunity for renewing old acquaintances, making new contacts, networking and collaboration, and facilitating partnerships across national and disciplinary borders.

ICEI 2022 platform facilitates discussion around specific subject areas, with the goal of generating new knowledge and understanding, forging and expanding new international, intercultural and interdisciplinary research networks and partnerships.

## I. SPONSORSHIP

Since its founding in 2016, ICEI has brought people and ideas together in a variety of events and platforms to promote and celebrate interdisciplinary study focused on education and innovation. During the pandemic, ICEI continues to engage in many cross-sectoral researches across the world, including those engaging leading universities, Non-Government Organization and Industry World. This year, we invite you to support our members and beyond by showcasing products or services at our conference. If your organization's objectives are to stay top of mind, continue to expand your reach, share the latest in technologies and services, generate new business leads and communicate and engage with one another, then we hope to see you this year.

Major sponsors receive prominent recognition online, in print and on-site. There are three main categories of general sponsorships available alongside additional, extra opportunities to get involved. Each of them provides your organisation with significant visibility.

<p>Platinum Sponsor (price)</p>	<ul style="list-style-type: none"> <li>■ A slot as Invited Speaker to The 6<sup>th</sup> ICEI 2022</li> <li>■ All-access passes to Private Symposium</li> <li>■ Unlimited number of special 20% discounted tickets for its clients and guests</li> <li>■ Dedicated webpage presenting the sponsor on the event's website</li> <li>■ Pre and post-mailing to the opt-in delegate list.</li> <li>■ Company name displayed in background slides and on the website</li> <li>■ Dedicated promotional post on social media</li> </ul>
<p>Gold Sponsor (price)</p>	<ul style="list-style-type: none"> <li>■ All-access passes to private symposium</li> <li>■ Company name displayed in background slides and on the website</li> <li>■ Dedicated webpage presenting the sponsor on the event's website</li> <li>■ Pre/post-mailing to the opt-in delegate list</li> <li>■ Access to the marketing materials for sponsors</li> <li>■ Dedicated promotional post on social media</li> </ul>
<p>Silver Sponsor (price)</p>	<ul style="list-style-type: none"> <li>■ All-access passes to all private symposium</li> <li>■ Pre/post-mailing to the opt-in delegate list</li> <li>■ Company name displayed in background slides and on the website</li> </ul>

ICEI 2022 likes to work with its sponsors to understand your objectives and help you to leverage your sponsorship investment. We welcome potential discussion and negotiations in order to find the best possible solutions for your company. If this is of interest please reach out to (link sponsorship).
